

Taking Bold Steps for Patient Care

March 28-29, 2014
Bloomington-Normal, Illinois

Web Brochure

9
Hours of
CPE

Spring into action and take **bold** steps for patient care by attending the 2014 ICHP Spring Meeting. The primary focus of the educational programming is on quality initiatives to improve patient care and healthcare outcomes.

Sandra A. Van Trease, BBA, Executive MBA, will be the keynote speaker discussing Accountable Care Organizations (ACOs). An ACO is defined by the Centers for Medicare and Medicaid Services as “an organization of health care providers that agrees to be accountable for the quality, cost and overall care of Medicare beneficiaries who are enrolled in the traditional fee-for-service program who are assigned to it.” What does this mean for pharmacists and pharmacy technicians? How does this impact Pharmacy Services and patient outcomes? Those questions will be answered by our keynote, who is group president for BJC HealthCare in St. Louis, MO (please refer to her full bio on page 4).

Continuing in the focus on quality outcomes and patient care, the Spring Meeting educational programming will include pharmacist involvement in transitions of care, adverse event reporting and identification, quality measures, review of new therapeutic guidelines, pharmacy best practices and how to incorporate students in quality initiatives and research.

Let’s make **bold** strides for our patients by learning how to implement quality initiatives in Illinois institutions through educational programming, the poster session and exhibit program! Enjoy some social time while supporting pharmacy legislative issues at the ICHP PAC event* Friday night of the meeting.

**separate fee required to attend (see page 9 for details)*

Meeting-At-A-Glance

General Meeting Information

brochure updated 3-14-14

Date and Location

The ICHP 2014 Spring Meeting will take place on **Friday, March 28, and Saturday, March 29, 2014**. All meeting sessions and exhibits will be held in the Bloomington-Normal Marriott Hotel and Conference Center, 201 Broadway Avenue, Normal, IL 61716.

City Attractions

Bloomington-Normal has a wide variety of attractions for every interest. It has a newly revitalized downtown with a variety of shopping, restaurants, and nightlife. There are opportunities to attend “Another Round of Beer for Breakfast” – the sequel to the smash hit comedy of 2013, “Beer for Breakfast” – at Conklin’s Barn II Dinner Theatre or catch a Central Illinois Drive basketball game at the U.S. Cellular Coliseum. With several vineyards and over twenty shopping plazas, there is something for everyone in Bloomington-Normal.

Hotel Accommodations

All meeting attendees are responsible for making their own hotel reservations. Special convention room rates are available at the Bloomington-Normal Marriott Hotel: Single/Double \$124 plus tax and fees. **This special rate is available by calling Bloomington-Normal Marriott Hotel (1-800-228-9290) prior to March 4, 2014 end of day and asking for the ICHP Group Rate.**

Continuing Pharmacy Education Credit

Education sessions will be offered for CPE credit and registrants may earn up to 9 contact hours (0.9 CEUs) at this meeting (ICHP determines the number of credit hours for each session).

At the present time, the Pharmacy Technician Certification Board (PTCB) and the Illinois Board of Pharmacy do not require technicians to participate in ‘T,’ or technician-specific continuing education for re-certification or relicensure purposes. Therefore, technicians are welcome to participate in programming that is either ‘P’ or ‘T’ and will receive CPE credit for either type, provided they meet all applicable program requirements.

Accreditation

The Illinois Council of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. Registrants at the 2014 ICHP Spring Meeting may earn a maximum of 9 contact hours of continuing pharmacy education in states that recognize ACPE providers.

Target Audience: Health-system pharmacists and pharmacy technicians; pharmacy students

ACPE Universal Activity Numbers

0121-0000-14-015-L04-P	0121-0000-14-021-L01-P
0121-0000-14-015-L04-T	0121-0000-14-021-L01-T

0121-0000-14-016-L05-T	0121-0000-14-022-L04-T
0121-0000-14-017-L04-P	0121-0000-14-023-L05-P
0121-0000-14-018-L04-P	0121-0000-14-023-L05-T
0121-0000-14-019-L04-P	
0121-0000-14-020-L04-P	

Online Evaluations and Statements of Credit

In order to receive continuing pharmacy education credit, all meeting attendees will need to access HealthsystemCE.org to complete evaluations and download statements of credit. HealthsystemCE.org is a website designed to meet the educational needs of health-system pharmacists and pharmacy technicians.

You will have 4 weeks after the meeting to complete your online evaluations and submit your request for statements of credit. **Do not delay in completing your evaluations and downloading / printing your statement of credit.** Instructions for completing live program evaluations online and downloading statements of credit will be provided to you at meeting registration. ICHP will submit completed credits to CPE Monitor.

Meeting Dress Code

The meeting dress code is business casual. The meeting room temperatures may vary - please remember to bring a sweater or jacket.

Restrictions on Exhibit Program Attendees

ICHP has limited the exhibit program attendance to registered attendees only. Non-healthcare professionals may not attend the exhibit program.

Educational Programming Learning Objectives

1. Describe various quality initiatives or methods to improve patient care and healthcare outcomes.
2. Review various new guidelines in the treatment of diseases.
3. Explain ways to improve student involvement in daily pharmacy practice.

Lunch Keynote

How Can Pharmacy Staff Add to the Accountability of ACO's?

Sandra A. Van Trease, BBA, Executive MBA

1.0 credit hours (0.1 CEUs)

ACPE UANs: 0121-0000-14-015-L04-P

0121-0000-14-015-L04-T

Type of Activity: Knowledge-based

Upon completion of this program, pharmacist and technician participants should be able to:

1. Describe what an Accountable Care Organization (ACO) is and how it can reduce health care costs.
2. List areas of cost savings where pharmacy staff may be directly involved in an ACO.
3. Describe steps pharmacists should take to make sure they have a place at the ACO table.

Must attend CPE session to receive lunch.

1:00 pm - 2:30 pm

Ballrooms A&B

Practical Applications of MedWatch Updates

Kim Janicek, PharmD; Jennifer Phillips, PharmD, BCPS

1.5 credit hours (0.15 CEUs)

ACPE UANs: 0121-0000-14-016-L05-P

0121-0000-14-016-L05-T

Type of Activity: Application-based

Upon completion of this program, pharmacist participants should be able to:

1. Discuss the MedWatch program and future safety initiatives.
2. Describe the content of recently issued Med-Watch Safety Alerts.

Sandra Van Trease, group president for BJC HealthCare, provides strategic leadership and direction to the BJC Collaborative LLC, an association of Saint Luke's Health System (Kansas City, Mo.), Cox Health (Springfield, Mo.), BJC HealthCare (St. Louis, Mo.) and Memorial Health System (Springfield, Ill.). She is also responsible for overall business and growth strategies

for a select group of BJC's community hospitals to ensure outstanding clinical quality, operating efficiencies and financial stability. In 2012, Van Trease was appointed president of BJC HealthCare's Accountable Care Organization. She also serves as a member of the senior management team at BJC HealthCare, one of the largest nonprofit health care organizations in the United States.

Van Trease joined BJC in 2004, following a successful career as president and CEO of UNICARE, a managed health care company serving 1.7 million members as part of the WellPoint Health Networks Inc. family of companies. She also held a number of leadership positions with RightCHOICE Managed Care (former parent company of Blue Cross Blue Shield of Missouri and HealthLink, Inc.), including serving as president and COO. Prior to RightCHOICE, Van Trease spent 12 years with Price Waterhouse.

Van Trease earned her master's degree in business administration from Washington University in St. Louis, and her bachelor's degree in business administration from the University of Missouri-St. Louis. She is a certified public accountant and a certified management accountant. In 2004, she received an honorary doctoral degree from the University of Missouri-St. Louis for achieving distinction in her field and for contributing to the betterment of the University and the St. Louis community.

Van Trease is an active member of the St. Louis community and serves on a number of civic and corporate boards. Her leadership has been recognized by several organizations including the *St. Louis Business Journal*, *Modern Healthcare* and the YWCA of Metropolitan St. Louis. Recently, Van Trease was identified as one of the *Becker's Hospital Review* "Most Influential Women to Know in Healthcare" and as one of the "Women to Watch" by the Missouri Society of CPAs.

3. Apply specific MedWatch Alert information to simulated patient cases.
4. Utilize specific MedWatch Alert information to develop or modify policy and guidelines.
5. Demonstrate how to navigate safety information on the FDA Website.

Upon completion of this program, technician participants should be able to:

1. Discuss the MedWatch program and future safety initiatives.
2. Describe the content of recently issued MedWatch Safety Alerts.
3. Demonstrate how to navigate safety information on the FDA Website.

Bring a laptop or tablet to this session if you have one.

Practice Pearl Session

Platform Presentations

Jennifer Arnoldi, PharmD, BCPS; Edward C. Rainville, BPharm, MS

0.5 credit hours (0.05 CEUs)

ACPE UAN: 0121-0000-14-017-L04-P

Type of Activity: Knowledge-based

Upon completion of this program, pharmacist participants should be able to:

1. Indicate the risk of falls in hospitalized patients associated with the use of zolpidem as compared with other medications commonly associated with this risk.
2. Discuss evidence-based inpatient treatment of COPD exacerbations.

Pharmacy Practice Pearls

Teresa Chu, PharmD; Alicia Juska, PharmD, BCPS; Mia Schmiedeskamp-Rahe, PharmD, PhD, BCPS; Kanan Shah, PharmD

1.5 credit hours (0.15CEUs)

ACPE UAN: 0121-0000-14-018-L04-P

Type of Activity: Knowledge-based

1. **Clinical Impact of a Pharmacist in Discharge Medication Reconciliation**
2. **Innovative Use of Integrated Technology to Prevent Human Error in Providing Medications from Point of Prescription to the Patient's Bedside**
3. **Drug Choice and Dosing in the Patient with Advanced Liver Disease**
4. **Colistin Dosing: A Literature Review**

Upon completion of this program, pharmacist participants should be able to:

1. Describe the clinical role of a pharmacist performing discharge medication reconciliation.
2. Explain the impact a pharmacist can have on re-admission rates with medication reconciliation, clinical, and prescription-related intervention.
3. Explain how integration of robotics, automation, and technology can reduce potential medication errors for patient specific drug selection, packaging, dispensing, and administration of bar coded unit doses.
4. Identify ways that implementation of a centralized medication storage and dispensing robot with pass through access to the clean room can reinforce compliance with Chapter 797 guidelines and improve the environment for compounded sterile products.
5. Identify patients with advanced liver disease requiring dose adjustments of medications.
6. Discuss the principles of selecting medications appropriate for patients with advanced liver disease.
7. Discuss the risks and benefits of the different dosing strategies available in the current literature.

Friday, March 28, 2014

brochure updated 3-14-14

8. Explain colistin's role in combination regimens for multidrug resistant gram negative infections.

Break-Out 1: Pharmacy Preceptor Session

8:00 am - 9:00 am

Student Involvement in Attaining Core Measures in a Safety Net Institution

Charlene A. M. Hope, PharmD, BCPS; Antoine Jenkins, PharmD, BCPS

1.0 credit hours (0.1 CEUs)

ACPE UAN: 0121-0000-14-019-L04-P

Type of Activity: Knowledge-based

Upon completion of this program, pharmacist participants should be able to:

1. Describe appropriate practice-based learning activities for students in relation to institution core measures.
2. Summarize the importance of balancing precepting responsibilities with daily pharmacy practice duties.
3. Describe potential barriers to incorporate students in participating in hospital performance measures.
4. Explain how to successfully integrate students into the core measure activities.

9:00 am - 10:00 am

INSPIRE - Involvement of Student Projects in Research and Education

Scott Bergman, PharmD, BCPS (AQ-ID); Milena McLaughlin, PharmD, MSc, BCPS, AAHIVP

1.0 credit hours (0.1 CEUs)

ACPE UAN: 0121-0000-14-020-L01-P

Type of Activity: Knowledge-based

Upon completion of this program, pharmacist participants should be able to:

1. Discuss the who/what/where/when/why of student involvement in research.

2. Describe the student involvement in research at Midwestern University/Northwestern Memorial Hospital as an illustrative example.
3. Review a clinical pearl on submitting research with students.

8:00 am - 10:00 am

Ballroom B

Break-Out 2: Clinical Updates - His, Hers and Ours

2.0 credit hours (0.2 CEUs)

ACPE UANs: 0121-0000-14-021-L01-P

0121-0000-14-021-L01-T

Type of Activity: Knowledge-based

8:00 am - 8:40 am

Men's Health

Kelly Lempicki, PharmD, BCPS

Upon completion of this program, pharmacist participants should be able to:

1. Review the condition of low-testosterone.
2. Describe therapies available for the treatment of low-testosterone.
3. Identify current "hot topics" in men's health.

Upon completion of this program, technician participants should be able to:

1. Explain the condition of low-testosterone and its associated signs and symptoms.
2. Recognize medications that are used to treat low-testosterone.

8:40 am - 9:20 am

Women's Health

Alicia Forinash, FCCP, BCPS, BCACP

Upon completion of this program, pharmacist participants should be able to:

1. Identify current topics in post-menopausal women's health.
2. Describe new pharmacologic agents for use in post-menopausal women's health-related disease states.

Saturday, March 29, 2014

brochure updated 3-14-14

*Upon completion of this program, **technician** participants should be able to:*

1. Identify current topics in post-menopausal women's health.
2. Recognize medications that are used in women's health and relate them to their respective disease states.

9:20 am - 10:00 am

Inflammatory Bowel Disease

Nehrin Khamo, PharmD

*Upon completion of this program, **pharmacist** participants should be able to:*

1. Describe the pathophysiology and clinical features of ulcerative colitis and Crohn's disease.
2. Identify optimal therapies for patients with ulcerative colitis or Crohn's disease.
3. Recognize new treatment options for ulcerative colitis and Crohn's disease.

*Upon completion of this program, **technician** participants should be able to:*

1. Recognize signs or symptoms of ulcerative colitis and Crohn's disease.
2. Identify common therapies for ulcerative colitis or Crohn's disease.

Transitions of Care Pharmacist: The Crucial Piece of the Discharge Puzzle

Amy Boblitt, BS, PharmD; Laura Jeffers, PharmD; Jennifer Ratliff, RPh; Michael Sheppard, PharmD; Manali Soni-Talsania, PharmD

1.0 credit hours (0.1 CEUs)

ACPE UANs: 0121-0000-14-022-L04-P

0121-0000-14-022-L04-T

Type of Activity: Knowledge-based

*Upon completion of this program, **pharmacist** participants should be able to:*

1. Describe the role of a care transition pharmacist.
2. Identify opportunities for pharmacist intervention throughout a patient's hospital transition.
3. List three reasons for using the teach-back methodology.
4. Identify tools available to help improve health literacy.

*Upon completion of this program, **technician** participants should be able to:*

1. List three opportunities that may require pharmacist intervention during a patient's hospital transition.
2. Recognize the importance of the teach-back methodology.
3. Describe how a technician can help support a care transition pharmacist.

Quality Measures and Health-System Pharmacists: The Era of Accountability

Charlene A. M. Hope, PharmD, BCPS; Mary Ann Kliethermes, BS, PharmD

1.5 credit hours (0.15 CEUs)

ACPE UANs: 0121-0000-14-023-L05-P

0121-0000-14-023-L05-T

Type of Activity: Knowledge-based

*Upon completion of this program, **pharmacist** participants should be able to:*

1. Discuss current efforts by Pharmacy Quality Alliance (PQA) and ASHP Pharmacy-Sensitive Accountability Measures (PSAM)

Saturday, March 29, 2014

brochure updated 3-14-14

Workgroup to develop and identify pharmacy sensitive measures.

2. Identify sources for selecting appropriate quality measures based on practice setting, payer mix and other organizational pressures.
3. Explain the current challenges associated with developing and using pharmacy sensitive quality measures.
4. Describe three characteristics pharmacists should consider when selecting quality measures.
5. Using information presented, choose 4 appropriate measures for your practice.

Upon completion of this program, technician participants should be able to:

1. Define pharmacy sensitive measures.
2. Identify sources for quality measures used by health care organizations.
3. Explain why certain measures may be chosen by an organization for use as a quality measure.

4. Describe three characteristics pharmacists should consider when selecting quality measures.
5. Assist pharmacists in screening appropriate sources for quality measures appropriate for the practice site.

ICHP Pharmacy Action Fund Poker Party

If you're a poker pro, you won't want to miss this exciting event! And if you're a poker novice and would like to learn how to play the game they play at the World Series of Poker without the fear of losing your life savings then this is the event for you too!

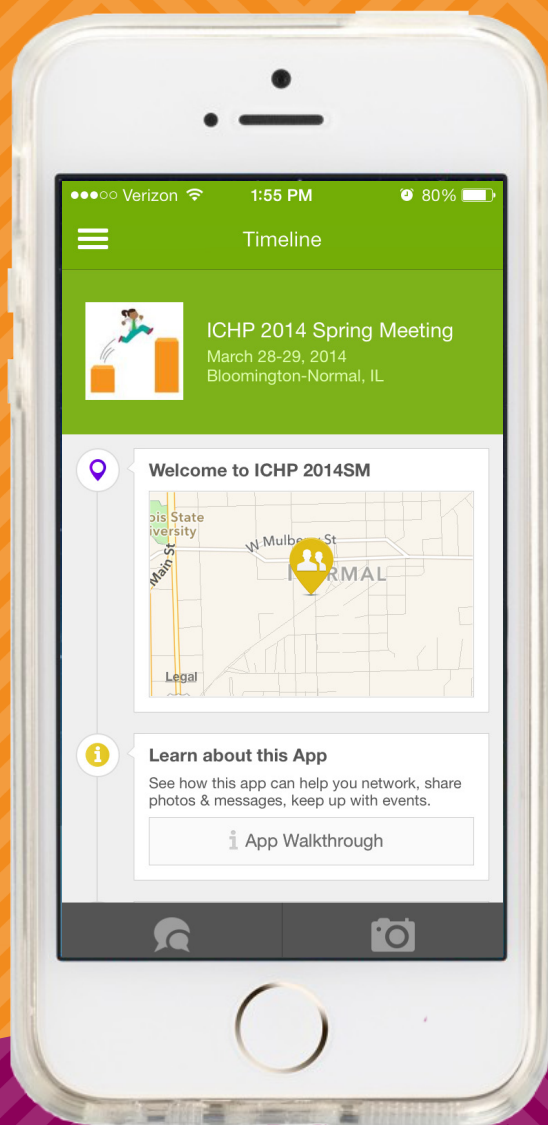

Your event fee, a contribution to the ICHP Pharmacy Action Fund provides you with a variety of enjoyable edibles, bountiful beverages and an entry into an exciting "No-limit" Texas Hold'em Tournament with prizes for the top finishers! Make it to the final table and take home a door prize*. We start the night off with a comprehensive tutorial for all participants on the rules of Texas Hold'em Poker and the dealers or a pit boss will be available for questions throughout the evening's contest.

*No cash prizes will be awarded and no cash betting will be allowed.

Event fee:**
Pharmacists \$50
Technicians \$25
Students/Residents \$25

**Event fee is not deductible as a charitable contribution or as a business related expense.

*Contributions to the ICHP Pharmacy Action Fund are not considered charitable contributions by the IRS.
