

Illinois Council of Health-System Pharmacists 2014 Spring Meeting

# Syllabus

**Taking Bold Steps for Patient Care**

March 28-29, 2014  
Bloomington-Normal, Illinois

**1 ONE UNIT DOSE AND ONLY**

# HURRICaine ONE®

Unit Dose Non-Aerosol Spray  
20% Benzocaine Oral Anesthetic  
0.5 mL each

**ORIGINAL WILD CHERRY FLAVOR**

## An Innovative Non-Aerosol Unit Dose Topical Anesthetic Spray

- Meets Joint Commission Standard for the most ready-to-administer form available.\*
- Fast onset. Short duration. Virtually no systemic absorption.
- Utilizes bar code medication administration (BCMA) to accommodate point-of-care scanning.
- Virtually eliminates adverse events resulting from preventable medication errors, ensuring the “5 Rights” are met:
  - ✓ Right Drug    ✓ Right Patient    ✓ Right Dose    ✓ Right Route    ✓ Right Time
- Single unit-of-use packaging eliminates the potential for cross-contamination.
- Increases billing accuracy and improves supply chain costs.

# General Meeting Information

## Taking Bold Steps for Patient Care

March 28-29, 2014  
Bloomington-Normal, Illinois

## Welcome to the ICHP Spring Meeting!

We hope your experience at the ICHP 2014 Spring Meeting is a pleasant one. Please take a few minutes to read the pertinent information below and look for the ICHP staff or board members if you have any questions or concerns during your time at the meeting.

### Registration

ICHP's meeting registration desk is located in the Bloomington-Normal Marriott Conference Center foyer. ICHP registration hours are:

**Friday, March 28**      9:00 AM - 6:00 PM  
**Saturday, March 29**      7:30 AM - 3:00 PM

### Name Badges

Badges should be worn at all times as a courtesy to other meeting participants. Your badge is your admission pass for all meeting sessions and exhibits.

### Meeting Dress Code

The meeting dress code is business casual. The meeting room temperatures may vary - please remember to bring a sweater or jacket.

### Arrangements for Special Assistance

If you have any disability for which you may require an auxiliary aid or special service while attending the meeting, please talk to the ICHP staff at the registration desk.

### Accreditation

The Illinois Council of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. Registrants at the 2014 ICHP Spring Meeting may earn a maximum of 9 contact hours of continuing pharmacy education in states that recognize ACPE providers (9 contact hours from ICHP).

### Target Audience

Health-System pharmacists and pharmacy technicians; pharmacy students.

### ACPE Universal Activity Numbers

0121-0000-14-015-L04-P	0121-0000-14-021-L01-P
0121-0000-14-015-L04-T	0121-0000-14-021-L01-T
0121-0000-14-016-L05-P	0121-0000-14-022-L04-P
0121-0000-14-016-L05-T	0121-0000-14-022-L04-T
0121-0000-14-017-L04-P	0121-0000-14-023-L05-P
0121-0000-14-018-L04-P	0121-0000-14-023-L05-T
0121-0000-14-019-L04-P	
0121-0000-14-020-L04-P	

### Continuing Pharmacy Education Credit

Education sessions will be offered for CPE credit and registrants may earn up to 9 contact hours (0.9 CEUs) at this meeting (ICHP determines the number of credit hours for each session). At the present time, the Pharmacy Technician Certification Board (PTCB) and the Illinois Board of Pharmacy do not require technicians to participate in 'T,' or technician-specific continuing education for re-certification or relicensure purposes. Therefore, technicians are welcome to participate in programming that is either 'P' or 'T' and will receive CPE credit for either type, provided they meet all applicable program requirements.

### Programming

Program variations may occur.

### Symposium Meals

To partake in symposiums' meals, meeting attendees must attend the corresponding live programming.

## Restrictions on Exhibit Program Attendees

ICHP has limited the exhibit program attendance to registered attendees only. Non-healthcare professionals may not attend the exhibit program.

## Online Program Evaluations and Statements of Credit

In order to receive continuing pharmacy education credit, all meeting attendees will need to access HealthsystemCE.org to complete evaluations and download statements of credit. HealthsystemCE.org is a website designed to meet the educational needs of health-system pharmacists and pharmacy technicians.

You will have 3 weeks after the Spring Meeting to complete your online evaluations and submit your request for statements of credit. Do not delay in completing your evaluations and downloading/printing your statement of credit. Instructions for completing live program evaluations online and downloading statements of credit can be found on pages 16-17 of this syllabus. When completing your program evaluation for a statement of credit, if a CPE program number ends in both 'P' and 'T', pharmacists must choose the 'P' program and technicians must choose the 'T' program.

## CPE Monitor

If you plan on obtaining CPE credit, you must provide your NABP e-Profile ID# and birthday (MMDD) when registering for the meeting. Your NABP e-Profile ID is required to receive CPE credit. All evaluations completed online are automatically reported to CPE monitor. You must have your NABP e-Profile ID# to complete evaluations online. Visit [www.mycpemonitor.net](http://www.mycpemonitor.net) for more information about CPE Monitor and how to obtain your NABP e-Profile ID#.

## Faculty and Disclosure Listing

It is the policy of the Illinois Council of Health-System Pharmacists to ensure balance, objectivity, and scientific rigor in all their individually or jointly presented continuing education programs. All faculty participating in any Illinois Council of Health-System Pharmacists' continuing education programs are expected to disclose any real or apparent conflict(s) of interest that may have any bearing on the subject matter of the continuing education program. Disclosure pertains to relationships with any pharmaceutical companies, biomedical device manufacturers, or other corporations whose products or services are related to the subject matter of the presentation topic.

The intent of this disclosure is not to prevent a speaker with a potential conflict of interest from making a presentation, but to let the audience know about the relationship before the presentation. It is intended that financial interests or affiliations be openly identified so that, with the full disclosure of the facts, the attendees may form their own judgments about the presentation.

Faculty disclosures are listed below. Any conflicts were resolved through peer review of their presentations.

Name	Company	Relationship
Mary Ann Klithermes and spouse	Clinical Pharmacy Systems, Inc.	Employees and co-owners

## Educational Programming Learning Objectives

1. Describe various quality initiatives or methods to improve patient care and healthcare outcomes.
2. Review various new guidelines in the treatment of diseases.
3. Explain ways to improve student involvement in daily pharmacy practice.
4. List best practices being implemented in the state.

# Friday, March 28, 2014

9:00 am - 11:00 am

Beaufort Room

## ICHP Board of Directors

### Lunch Keynote

#### How Can Pharmacy Staff Add to the Accountability of ACO's?

Sandra A. Van Trease, BBA, Executive MBA

1.0 credit hours (0.1 CEUs)

ACPE UANs: 0121-0000-14-015-L04-P

0121-0000-14-015-L04-T

Type of Activity: Knowledge-based

*Upon completion of this program, **pharmacist** and **technician** participants should be able to:*

1. Describe what an Accountable Care Organization (ACO) is and how it can reduce health care costs.
2. List areas of cost savings where pharmacy staff may be directly involved in an ACO.
3. Describe steps pharmacists should take to make sure they have a place at the ACO table.

*Must attend CPE session to receive lunch.*

1:00 pm - 2:30 pm

Redbird A&B

### Practical Applications of MedWatch Updates

Kimberly A. Janicek, PharmD; Jennifer Phillips, PharmD, BCPS

1.5 credit hours (0.15 CEUs)

ACPE UANs: 0121-0000-14-016-L05-P

0121-0000-14-016-L05-T

Type of Activity: Application-based

*Upon completion of this program, **pharmacist** participants should be able to:*

1. Discuss the MedWatch program and future safety initiatives.
2. Describe the content of recently issued Med-Watch Safety Alerts.

Sandra Van Trease, group president for BJC HealthCare, provides strategic leadership and direction to the BJC Collaborative LLC, an association of Saint Luke's Health System (Kansas City, Mo.), Cox Health (Springfield, Mo.), BJC HealthCare (St. Louis, Mo.) and Memorial Health System (Springfield, Ill.). She is also responsible for overall business and growth strategies

for a select group of BJC's community hospitals to ensure outstanding clinical quality, operating efficiencies and financial stability. In 2012, Van Trease was appointed president of BJC HealthCare's Accountable Care Organization. She also serves as a member of the senior management team at BJC HealthCare, one of the largest nonprofit health care organizations in the United States.

Van Trease joined BJC in 2004, following a successful career as president and CEO of UNICARE, a managed health care company serving 1.7 million members as part of the WellPoint Health Networks Inc. family of companies. She also held a number of leadership positions with RightCHOICE Managed Care (former parent company of Blue Cross Blue Shield of Missouri and HealthLink, Inc.), including serving as president and COO. Prior to RightCHOICE, Van Trease spent 12 years with Price Waterhouse.

Van Trease earned her master's degree in business administration from Washington University in St. Louis, and her bachelor's degree in business administration from the University of Missouri-St. Louis. She is a certified public accountant and a certified management accountant. In 2004, she received an honorary doctoral degree from the University of Missouri-St. Louis for achieving distinction in her field and for contributing to the betterment of the University and the St. Louis community.

Van Trease is an active member of the St. Louis community and serves on a number of civic and corporate boards. Her leadership has been recognized by several organizations including the *St. Louis Business Journal*, *Modern Healthcare* and the YWCA of Metropolitan St. Louis. Recently, Van Trease was identified as one of the *Becker's Hospital Review* "Most Influential Women to Know in Healthcare" and as one of the "Women to Watch" by the Missouri Society of CPAs.

3. Apply specific MedWatch Alert information to simulated patient cases.
4. Utilize specific MedWatch Alert information to develop or modify policy and guidelines.
5. Demonstrate how to navigate safety information on the FDA Website.

*Upon completion of this program, **technician** participants should be able to:*

1. Discuss the MedWatch program and future safety initiatives.
2. Describe the content of recently issued MedWatch Safety Alerts.
3. Demonstrate how to navigate safety information on the FDA Website.

*Bring a laptop or tablet to this session if you have one.*

**2:30 pm - 4:00 pm**

**Redbird C**

**Exhibit Program / Reception**

**4:00 pm - 6:00 pm**

**Redbird A&B**

**Practice Pearl Session**

**Platform Presentations**

Jennifer Arnoldi, PharmD, BCPS; Edward C. Rainville, BPharm, MS

0.5 credit hours (0.05 CEUs)

ACPE UAN: 0121-0000-14-017-L04-P

Type of Activity: Knowledge-based

*Upon completion of this program, **pharmacist** participants should be able to:*

1. Discuss evidence-based inpatient treatment of COPD exacerbations.
2. Indicate the risk of falls in hospitalized patients associated with the use of zolpidem as compared with other medications commonly associated with this risk.

**Pharmacy Practice Pearls**

Teresa Chu, PharmD; Alicia Juska, PharmD, BCPS; Mia R. Schmiedeskamp-Rahe, PharmD, PhD, BCPS; Kanan Shah, PharmD

1.5 credit hours (0.15CEUs)

ACPE UAN: 0121-0000-14-018-L04-P

Type of Activity: Knowledge-based

1. **Clinical Impact of a Pharmacist in Discharge Medication Reconciliation**
2. **Innovative Use of Integrated Technology to Prevent Human Error in Providing Medications from Point of Prescription to the Patient's Bedside**
3. **Drug Choice and Dosing in the Patient with Advanced Liver Disease**
4. **Colistin Dosing: A Literature Review**

*Upon completion of this program, **pharmacist** participants should be able to:*

1. Describe the clinical role of a pharmacist performing discharge medication reconciliation.
2. Explain the impact a pharmacist can have on re-admission rates with medication reconciliation, clinical, and prescription-related intervention.
3. Explain how integration of robotics, automation, and technology can reduce potential medication errors for patient specific drug selection, packaging, dispensing, and administration of bar coded unit doses.
4. Identify ways that implementation of a centralized medication storage and dispensing robot with pass through access to the clean room can reinforce compliance with Chapter 797 guidelines and improve the environment for compounded sterile products.
5. Identify patients with advanced liver disease requiring dose adjustments of medications.
6. Discuss the principles of selecting medications appropriate for patients with advanced liver disease.

*continued next page →*

7. Discuss the risks and benefits of the different dosing strategies available in the current literature.
8. Explain colistin's role in combination regimens for multidrug resistant gram negative infections.

7:00 pm - 10:00 pm

# The difference between 2 hours and 2 days can be a lifetime. **Her lifetime.**

The sooner you identify the causative bacteria and resistance to commonly used antibiotics, the better off she'll be. The Verigene System markedly reduces the turnaround time for reporting bacterial identification and antibiotic resistance determination from positive blood culture bottles. Up to 48 hours faster than traditional methods, in fact.\*

To learn more about The Verigene Difference, contact us at [info@nanosphere.us](mailto:info@nanosphere.us) or call 1-888-837-4436.

The sample-to-result Verigene System runs multiplex molecular tests for:

Gram-Positive Blood Cultures	FDA Cleared
Gram-Negative Blood Cultures	FDA Cleared
Respiratory Viruses	FDA Cleared
<i>C. difficile</i>	FDA Cleared
Enteric Pathogens	Pending FDA Clearance

The Verigene® System | Enabling Better Care. Today.

## Break-Out 1: Pharmacy Preceptor Session

8:00 am - 9:00 am

### Student Involvement in Attaining Core Measures in a Safety Net Institution

*This activity is supported by an educational grant from Chicago State University College of Pharmacy.*

Charlene A. M. Hope, PharmD, BCPS, CPHQ, CPPS; Antoine Jenkins, PharmD, BCPS

1.0 credit hours (0.1 CEUs)

ACPE UAN: 0121-0000-14-019-L04-P

Type of Activity: Knowledge-based

*Upon completion of this program, **pharmacist** participants should be able to:*

1. Describe appropriate practice-based learning activities for students in relation to institution core measures.
2. Summarize the importance of balancing precepting responsibilities with daily pharmacy practice duties.
3. Describe potential barriers to incorporate students in participating in hospital performance measures.
4. Explain how to successfully integrate students into the core measure activities.

9:00 am - 10:00 am

### INSPIRE - Involvement of Student Projects in Research and Education

Scott Bergman, PharmD, BCPS (AQ-ID); Milena McLaughlin, PharmD, MSc, BCPS, AAHIVP

1.0 credit hours (0.1 CEUs)

ACPE UAN: 0121-0000-14-020-L04-P

Type of Activity: Knowledge-based

*Upon completion of this program, **pharmacist** participants should be able to:*

1. Discuss the who/what/where/when/why of student involvement in research.
2. Describe the student involvement in research at Midwestern University/Northwestern Memorial Hospital as an illustrative example.
3. Review a clinical pearl on submitting research with students.

8:00 am - 10:00 am

Redbird B

## Break-Out 2: Clinical Updates - His, Hers, and Ours

2.0 credit hours (0.2 CEUs)

ACPE UANs: 0121-0000-14-021-L01-P

0121-0000-14-021-L01-T

Type of Activity: Knowledge-based

8:00 am - 8:40 am

### Men's Health

Kelly A. Lempicki, PharmD, BCPS

*Upon completion of this program, **pharmacist** participants should be able to:*

1. Review the condition of low-testosterone.
2. Describe therapies available for the treatment of low-testosterone.
3. Identify current "hot topics" in men's health.

*Upon completion of this program, **technician** participants should be able to:*

1. Explain the condition of low-testosterone and its associated signs and symptoms.
2. Recognize medications that are used to treat low-testosterone.

8:40 am - 9:20 am

### Women's Health

Alicia Forinash, PharmD, FCCP, BCPS, BCACP

*Upon completion of this program, **pharmacist** participants should be able to:*

1. Identify current topics in post-menopausal women's health.

2. Describe new pharmacologic agents for use in post-menopausal women's health-related disease states.

*Upon completion of this program, **technician** participants should be able to:*

1. Identify current topics in post-menopausal women's health.
2. Recognize medications that are used in women's health and relate them to their respective disease states.

**9:20 am - 10:00 am**

### **Inflammatory Bowel Disease**

Nehrin Khamo, PharmD

*Upon completion of this program, **pharmacist** participants should be able to:*

1. Describe the pathophysiology and clinical features of ulcerative colitis and Crohn's disease.
2. Identify optimal therapies for patients with ulcerative colitis or Crohn's disease.
3. Recognize new treatment options for ulcerative colitis and Crohn's disease.

*Upon completion of this program, **technician** participants should be able to:*

1. Recognize signs or symptoms of ulcerative colitis and Crohn's disease.
2. Identify common therapies for ulcerative colitis or Crohn's disease.

**10:00 am - 11:00 am**

**Redbird F&G**

### **Poster Session and Break**

**11:00 am - 12:00 pm**

**Redbird A&B**

### **General CPE Session**

#### **Transitions of Care Pharmacist: The Crucial Piece of the Discharge Puzzle**

Amy Boblitt, BS, PharmD; Laura Jeffers, PharmD; Jennifer Ratliff, RPh; Michael Sheppard, PharmD; Manali Soni-Talsania, PharmD

1.0 credit hours (0.1 CEUs)

ACPE UANs: 0121-0000-14-022-L04-P

0121-0000-14-022-L04-T

Type of Activity: Knowledge-based

*Upon completion of this program, **pharmacist** participants should be able to:*

1. Describe the role of a care transition pharmacist.
2. Identify opportunities for pharmacist intervention throughout a patient's hospital transition.
3. List three reasons for using the teach-back methodology.
4. Identify tools available to help improve health literacy.

*Upon completion of this program, **technician** participants should be able to:*

1. List three opportunities that may require pharmacist intervention during a patient's hospital transition.
2. Recognize the importance of the teach-back methodology.
3. Describe how a technician can help support a care transition pharmacist.

**12:00 pm - 1:30 pm**

**Redbird D**

### **Lunch and Town Hall Meeting**

**1:30 pm - 3:00 pm**

**Redbird A&B**

### **General CPE Session**

#### **Quality Measures and Health-System Pharmacists: The Era of Accountability**

Charlene A. M. Hope, PharmD, BCPS, CPHQ, CPPS; Mary Ann Kliethermes, BS, PharmD

1.5 credit hours (0.15 CEUs)

ACPE UANs: 0121-0000-14-023-L05-P

0121-0000-14-023-L05-T

Type of Activity: Knowledge-based

*continued next page →*

# Saturday, March 29, 2014

*Upon completion of this program, **pharmacist** participants should be able to:*

1. Discuss current efforts by Pharmacy Quality Alliance (PQA) and ASHP Pharmacy-Sensitive Accountability Measures (PSAM) Workgroup to develop and identify pharmacy sensitive measures.
2. Identify sources for selecting appropriate quality measures based on practice setting, payer mix and other organizational pressures.
3. Explain the current challenges associated with developing and using pharmacy sensitive quality measures.
4. Describe three characteristics pharmacists should consider when selecting quality measures.
5. Using information presented, choose 4 appropriate measures for your practice.

*Upon completion of this program, **technician** participants should be able to:*

1. Define pharmacy sensitive measures.
2. Identify sources for quality measures used by health care organizations.
3. Explain why certain measures may be chosen by an organization for use as a quality measure.
4. Describe three characteristics pharmacists should consider when selecting quality measures.
5. Assist pharmacists in screening appropriate sources for quality measures appropriate for the practice site.

St. Louis, MO*

# CPE Credit Instructions

*These are the instructions for obtaining CPE credit for accredited courses.*

**Please NOTE: You MUST complete your evaluation submissions by Monday, April 21, 2014.**

*To obtain CPE credit for each ICHP accredited course attended, attendees must complete the following requirements.*

## Steps of the Evaluation Process

- I. Fill out your CPE Attendance Record (2-part white and yellow form in folder) during sessions.
- II. Turn in the White top copy, your Audience Response device, and the general evaluation form at Registration. Save your yellow copy!
- III. Go to [Healthsystemce.org](http://Healthsystemce.org) and Login.
- IV. Find the Event and Program Title.
- V. Complete a program evaluation and submit. Repeat steps for each program attended.
- VI. Download your statement(s) of credit to print or save.

## Details on how to complete the Evaluation Process

For each course attended, you must fill in the Session Codes, which will be announced by the moderators during each session, on your “**CPE Attendance Record**” sheet (2-part white and yellow form). Please fill in your “Name” information on your CPE Attendance Record. At the end of your participation at the conference, please turn in the white copy of your Attendance Record, **your Audience Response device**, and the general evaluation form at the Registration table. Keep the yellow copy of the CPE Attendance Record for your file as you will need the Session Codes which you wrote down, in order to complete the process of receiving your CPE Statements of Credit.

After the meeting, all attendees will need to access ICHP’s online CPE system at [www.HealthsystemCE.org](http://www.HealthsystemCE.org), to complete all evaluations and download statements of participation credit.

**Members of ICHP** already have access to the continuing pharmacy education (CPE) programming on the [www.HealthSystemCE.org](http://www.HealthSystemCE.org) website. Please use your established username and password to access the programs, and then follow the directions below on accessing credit for the 2014 ICHP Spring Meeting. If you forget your password, please use the website link, “I Forgot My Password”- it will be emailed to you.

### **Non-members ONLY**

Those who pre-registered will have immediate access to the online system following the meeting. Your email address was provided to [healthsystemce.org](http://healthsystemce.org) and you received an email with your password. If you did not receive this email or don’t remember your new password, go to the website and Login with your email address and select ‘forgot password’ – the system will send you a new password. On-site registrants who are Non-members of ICHP will need to wait three business days after the event before they will be able to access the online evaluation process. Your information will be added to the online database after the meeting for access, so please watch for an email from [healthsystemce.org](http://healthsystemce.org) with your password.

For a **VIDEO Demo** of the online evaluation process: [http://www.healthsystemce.org/demos/live\\_ce/](http://www.healthsystemce.org/demos/live_ce/)

• • • • **HealthsystemCE.org is a service provided by CSHP, ICHP, NYSCHP, and TSHP.** • • • •

# To complete evaluations online:

1. First, you will need your yellow copy of the CPE Attendance Record sheet and your NABP eProfile ID#.
  2. Open web browser and visit [www.healthsystemce.org](http://www.healthsystemce.org)
  3. **Go to Member Login:**  
Enter email address which we have on file for you.  
Enter your individual password. It was provided to you in the initial system email.  
After you enter your email address and password, click LOGIN.  
(If you've forgotten your password, please click on, "I Forgot My Password"- it will be emailed to you.)
  4. If you have not already done so for a past program, you will be required to submit your NABP eProfile ID# and Birthday as MMDD. As of January 2013, this is an ACPE requirement for receiving CPE credit.
  5. Once you have completed the NABP eProfile ID# / Birthday requirement, GO To the 'My Course History' page, you will see four tabs: Online, Live Courses, Journal CE, Webinars, etc.  
Click on the **Live Courses** tab.
    - A window opens and you will see a list of all the Live programs offered. Look for the **EVENT** labeled **2014 ICHP Spring Meeting**. You will see all of the programs from the meeting.
  6. Refer to your CPE Attendance Record for the title and UAN number of the ICHP program(s) you attended.
  7. Find the program you attended. If the program has two ACPE UAN numbers, make sure the program UAN number you select ends in:
    - **P if you are a Pharmacist** - Example 121-000-11-027-Lo1-P
    - **T if you are a Technician** - Example 121-000-11-027-Lo1-TIf a UAN number does NOT end in T - see below.
- PLEASE NOTE:**
- \* **Pharmacists may NOT use statements of credit labeled with a T. Pharmacists MUST select the program number that specifically ends in P.**
  - \* **Technicians may attend P only programming and receive statements of credit. However, Technicians MUST select the T program if BOTH P and T options are offered for the same UAN number.**
- Pharmacists: You may NOT use statements of credit for programs ending in T.**
8. Click on the program title you attended, which ends in the correct letter designation of either P or T. This will open an overview page describing the program.
  9. Next click the verify attendance box. You must check the box indicating you actually attended the program.
  10. Next enter the program **Session Code** you were given during the Live meeting session, which you copied onto your CPE Attendance Record sheet.
  11. Click the Submit button. Now you will be able to complete the online evaluation form.
  12. Next, click the complete evaluation link.
  13. Click on the **radio** buttons in response to the evaluation questions and type in any additional comments.  
(Please refer to your session evaluation notes if applicable as a reference for completing your evaluation.)
  14. Click complete evaluation button.
  15. You may review your evaluation by clicking on the complete evaluation link again, and it will take you back to the same page, where you may change your selections, add more comments, etc.
  16. Click on **Submit** evaluation when you are satisfied with your responses. You **MUST** click on Submit.
  17. You may download your statement of credit by clicking on the download statement link. The statement of credit will be downloaded to your computer as a pdf.
  18. You may now save and / or print the statement of credit for your records.
  19. If you participated in more than one Live CE program, click **My Course** history link again, find the next program you attended, click its name, and repeat the process.

**Please Note: You will have THREE (3) Weeks to complete your online evaluations and submit your request for statements of credit. Do not delay. You will always be able to access your history, but your history will ONLY include those programs for which you SUBMITTED an evaluation before the deadline. The deadline is April 21, 2014.**

# ICHHP

## Best Practice Award Program

The objective of the Best Practice Award program is to encourage the development of innovative or creative pharmacy practice programs or innovative approaches to existing pharmacy practice challenges in health systems within the state of Illinois.

### 2013 Winner

Nicole Rabs, Pharm.D., Sarah M. Wieczorkiewicz, Pharm.D., BCPS, Michael Costello, PhD, and Ina Zamfirova, BA

“Development of a Urinary-Specific Antibiogram for Gram Negative Isolates: Impact of Patient Risk Factors on Susceptibility”

# Call for Entries

## 2014 Best Practice Award

For eligibility, instructions for preparing your manuscript, format, and online entry form:

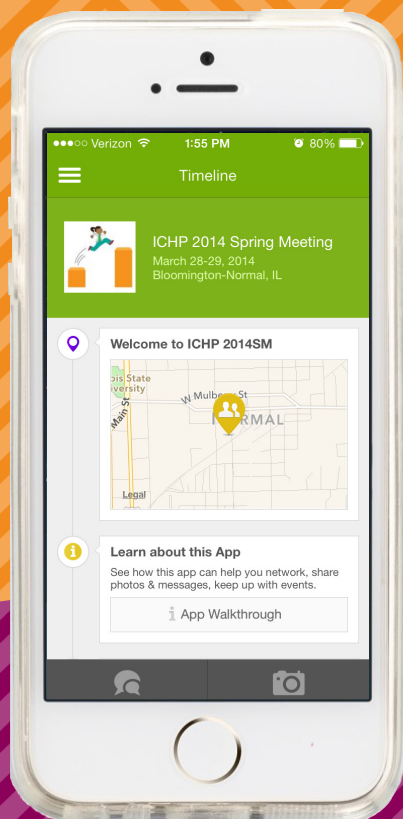

[www.ichpnet.org/professional\\_practice/best\\_practices/](http://www.ichpnet.org/professional_practice/best_practices/)

**Submission deadline:** July 1, 2014

Applicants will be judged on their descriptions of programs and practices employed in their health system based on the following criteria:

- Innovativeness / originality
- Contribution to improving patient care
- Contribution to institution and pharmacy practice
- Scope of project
- Quality of submission

If you have any questions related to the program please contact Trish Wegner at [trishw@ichpnet.org](mailto:trishw@ichpnet.org).
