If the General Assembly makes the laws, who makes the rules?

The Board of Pharmacy is made up of 8 pharmacists, 1 pharmacy technician, and 2 public members. They're nice people but they don't have much power!

The Illinois Department of Financial and Professional Regulation makes the Rules for the Pharmacy Practice Act.

The Board may provide comments but they really don't do much of the work.

The Department staff does ask for input throughout the process from all interested parties.

The formal rules process comes next!

All Rules must be published in the Illinois Register in draft format and provide a 45-day public comment period.

The Department reviews all the comments and incorporates changes as it believes is appropriate.

Final Rules are sent to the Joint Committee on Administrative Rules (JCAR).

- 6 Senators (3 Dems & 3 Reps)
- 6 Representatives (3 Dems & 3 Reps)

Three-pronged approach to advocacy

- The Individual
- The Organization
- The Lobbyist

Why should you get involved with our political process?

- Pharmacy graduates are highly educated.
- Just over 9% of the U.S. population have a masters degree or higher.
- Who is going to do it, if you don't?
 - Your employer
 - Other health care organizations
 - Pharmaceutical Manufacturers

Invite your legislator for a site visit

How hard is it to meet with your legislators and will they listen?

- When you meet them:
 - Dress appropriately.
 - Be polite.
 - Tell them your address.
 - Tell them a little about you.
 - Talk about your issue.
 - Stay at a high level (minimal details) until **THEY** dig deeper.
 - Have a simple fact sheet ready to hand them.
 - Stories can be valuable tools in getting your message across.
 - Provide your business card or something with your contact information.
 - Thank them for their time!

ICHP Activities

- Pharmacy technician education and training requirements
- PBM reform
- White-bagging and Brown-bagging
- Provider status and reimbursement

ICHP Government Affairs Division

- The Division of Government Affairs
 - Reviews and interprets proposed legislation and regulation and its impact on public health, pharmacy and related practice.
 - Works cooperatively with allied organizations and government agencies on all health-care related public policy.
- If you are interested in monitoring legislation and making a difference in government, join Government Affairs.

Lobbyist

(Government Affairs, Consultant,
Advocate, Advisor)

Why do we need one?

- A lobbyist provides assistance and guidance on all legislative and advocacy-related matters.
- They utilize their experience and expertise learned through years of work. Most lobbyists are former staff or legislators. They understand legislative process from the perspective of rank-and-file staff, leadership advisors and policy experts with backgrounds in political work, substantive bill analysis, budgetary negotiations, press and media relations and general lobbying.

What does a lobbyist do?

Relationship Outreach – Genuine relationships are the cornerstone to all legislative and administrative victories in the Capitol. It is imperative to continue to maintain and build upon the relationships of current lawmakers as well as create relationships with new legislators, staff and administration. With constant turnover and, in today's uncertain environment, it's important to re-introduce our mission and goals with new legislators.

Outreach on bills and rules introduced – schedule legislative meetings including staff

Introductions to new legislators – schedule meet and greets

Invite legislators to participate in annual meetings, legislative meetings, PAC events or other related events.

Continue to build on relationships with Constitutional Officers and staff, Agency Directors and staff

Engagement with colleague stakeholder groups

Monitor State Legislation – Monitors the Illinois General Assembly for all legislation related to Illinois' budget, special programs and regulatory issues. Includes all legislation introduced in the Illinois General Assembly including legislative proposals, amendments, conference committee reports, resolutions and proposed constitutional amendments.

Provides weekly tracking reports and oral communication as issues can quickly develop during the legislative session.

Other Key Items

Development of comprehensive legislative strategies & agenda

Drafting and initiation of legislation

Participating in committee hearings by assisting in witness preparation, drafting of testimony and/or appearing as witnesses

Counsel on any state-level political or legislative matters would be provided as requested

Counsel on political contributions would be provided as requested

ICHP: Legislator of the Year Awards

Established in 2023, the Legislator of the Year award honors Illinois lawmakers for their efforts in support of advancing pharmacy practice and public health in Illinois.
